TAM, SAM, SOM & Market Share Explained

TAM

Total Addressable Market or Total Available Market

"How big is the largest possible market?"

Total possible demand for your product or service without any limitations to product, geography, etc.

SAM

Serviceable Available Market

"What portion of the market can we actually serve?"

The portion of the market you can actually reach, given limits such as product, geography, and demographics.

SOM

Serviceable Obtainable Market

"What portion of the market do we expect to serve?"

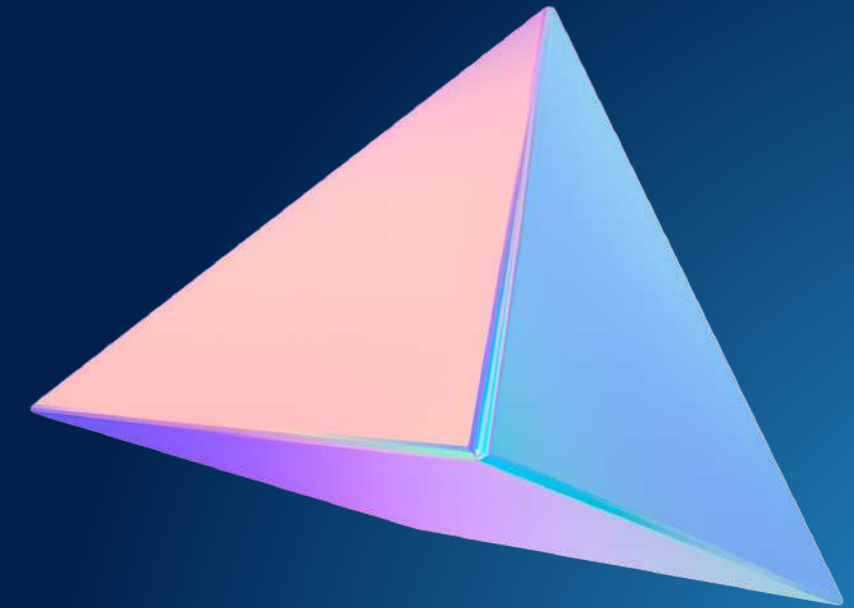

The target market share you can expect to acquire, given your go-to-market investment and competition.

Market Share

"What is our current revenue compared to SAM?"

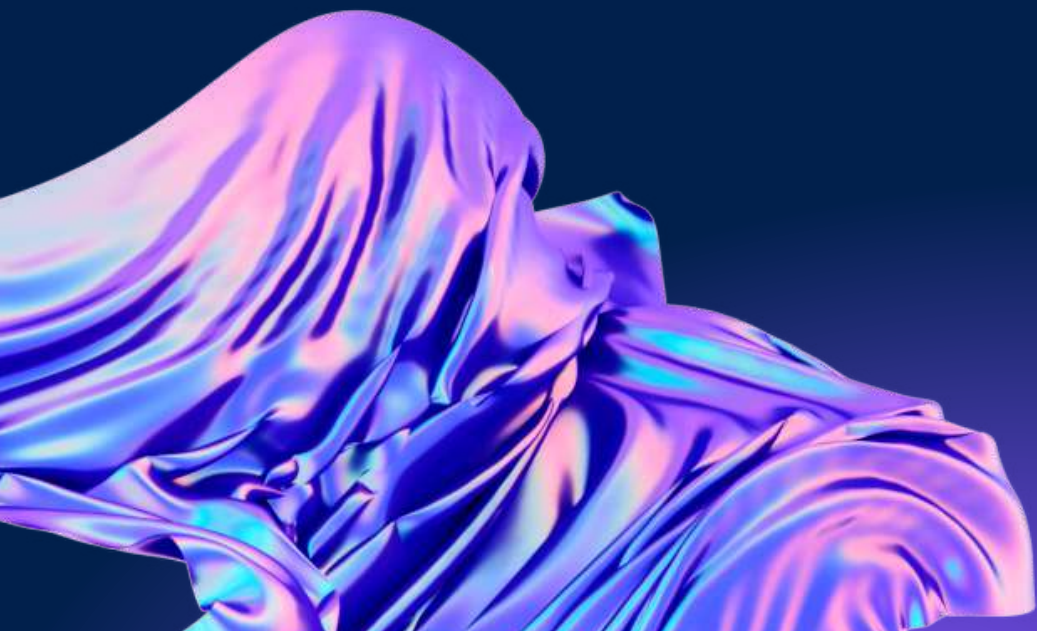

Simply your current revenue as a percentage of the market, typically SAM but sometimes TAM.

GOALS

"we aim to achieve customer satisfaction by providing excellent and efficient services at competitive prices.

our company consistently strives for improvement and development to meet customer needs and achieve their goals."

Overview

The Marvelous Agency of Support (MAS) is a digital platform that aims to support content creators, helping them achieve more by matching them with potential clients and connecting with their audience.

Based on blockchain technology, the MAS platform will feature increased transparency, being at the same time as easy to use as mainstream social media.

solutions

The MAS platform takes the traditional institution of patronage donations to the next level. In it, individuals that wish to support certain content creators (called “clients”), can connect with those content creators (called “MAS”) and financially contribute with specific projects or make generic donations to specific creators.

Unlike generic crowdfunding platforms, the MAS platform will enable and foster close and personal relationships.

How it works

BUNDLES

MAS setup “bundles” with specific prices and benefits, and clients will be able to purchase those bundles.

GENERIC DONATIONS

Clients can also make generic donations to MAS, in order to support all their projects and activities.

NFT AUCTIONS

Clients will be able to buy NFT auctions of their desired MAS

TEAM

**GRAPHIC
DESIGNERS**

DEVELOPERS

**MARKETING
EXPERTS**

"The company distinguishes itself with a qualified and specialized team in the field of designing, developing websites and applications, and marketing them on digital platforms.

our team utilizes the latest technologies and tools to develop appealing, user-friendly websites and applications that are compatible with all devices."

Abstract geometric shapes in the corners. Top-left: A 3D cube-like shape with blue, purple, and pink faces. Bottom-right: A complex geometric structure with blue, purple, and pink faces, resembling a stylized letter 'A' or a corner piece.

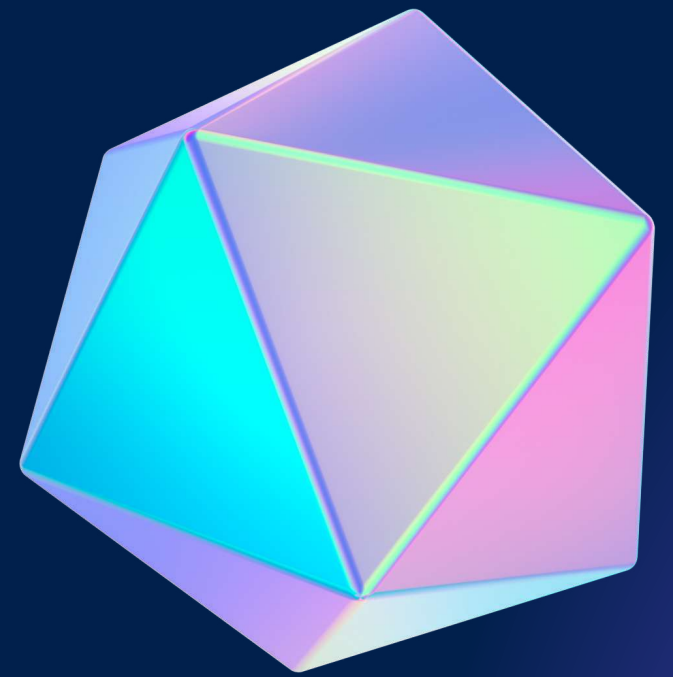

WE BELIEVE
